This cross-sectional view shows a substrate 200 with a series of rectangular features 201. A layer 204 is deposited on top of the substrate. A layer 208 is formed on top of layer 204, with a patterned layer 202 underneath it. The patterned layer 202 has regions 202A, 202B, and 202C. A layer 201 is also shown, with a region 202D. The cross-section is taken along the Y-Y' line, as indicated by the arrow at the bottom.
